NON-SKID TIRES

RECALLED COMMISSIONERS
GUILTY OF NONFEASANCE

North Yakima, Wash., Nov. 6.—Pleas of guilty to an indictment for nonfeasance have been entered by the three recalled county commissioners, James Lancaster, W. H. Stahlhut and James Stuart. Their attorneys will ask covert leniency, and small fines only are expected. The indictment arises from road work during the last year.

ELEVEN JURORS NOW
READY TO TRY SCHMIDT

(By United Press Leased Wire.)
Los Angeles, Nov. 6.—One more juror must be sworn in the murder trial of M. A. Schmidt, alleged Times dynamiter, and then the prosecution can begin introduction of evidence. The twelfth juror probably will be

obtained Monday. There is some talk of a thirteenth or a reserve juror for use in case one of the regulars falls ill.

When court convenes Monday Judge Willis will decide whether or not to bar Special Prosecutor James W. Noel, of Indianapolis, to whom the defense objects on the ground that he is not a resident of California and has never been admitted to practice law in this state.

KENTUCKIAN MOTHER OF
9 CHILDREN IN 18 MONTHS

(By United Press Leased Wire.)
Lexington, Ky., Nov. 6.—Theodore Roosevelt would be proud of Mrs. Gaither Drury, 30 years old. She has given birth to nine children in eighteen months. Her latest addition to the population of Kentucky was four boys.

MASON TELLS WHAT
WAR MOVES MEAN

New York, Nov. 6.—Lord Kitchen-er probably has gone to the near-east to assume command of the allied forces and to direct personally the Balkan campaign. The fact that he saw the king and that Premier Asquith has taken over his duties as war minister signify that he has left for a considerable period. It is reasonable to suppose that the allies, especially England, want to consolidate the Balkan, Gallipoli and Egyptian campaigns under a single leadership, for on other fronts their armies are already under distinguished leadership.

Kitchener made his reputation in Egypt and specialized on Levantine military problems. If he has gone to the near-east, England has played her highest trump to match the German lead. Should he fail, the grave of his reputation will be in the vicinity of its birth. This must inspire him for his supreme effort.

FEDERAL PROBER
GIVES OREGON U.
EXCELLENT REPORT

Eugene, Nov. 6.—The report of Investigator Capen into the University of Oregon was made public today by the executive committee of the board of regents. The report will be given out in full. It contains 15,000 words. Capen is a specialist in higher education from the United States bureau of education, and his examination of the state university was conducted during September in response to a request made to the federal bureau by the president of regents of the universities. Dr. Capen says in his conclusion:

"The investigator would like to emphasize his appreciation of the general soundness and vigor of the institution. Its faculty as a whole is alert and capable; the students clean, intelligent and, for the most part, well prepared. The spirit of the institution, as it has been observed during the ten days following registration, is excellent."

SUCCESSSES AND
FAILURES REPORT
OF THE AUSTRIANS

Vienna, Nov. 6.—Reporting gains against the Montenegrins, the official statement today admitted, however, that some positions had fallen to the enemy.

"We captured Mielotska mountain from the Montenegrins west of Grahovo," the statement said. "Part of the garrison was captured and the remainder scattered in the mountains. East of Trebinje we captured several frontier heights."

"Certain positions around Herzegovina, however, were taken by the Montenegrins. General von Koeves is driving the Serbians into the mountains south of Cacak."

BEACH COMBERS ARE
REAPING RICH HARVEST

(By United Press Leased Wire.)
Marshfield, Nov. 6.—The steamer Santa Clara was breaking up today and hopes of salvaging most of the cargo were almost abandoned. The Santa Clara went ashore in Coos bay last Tuesday.

Beach combers were reaping a rich harvest. Merchandise of all kinds was coming ashore in vast quantities. One man is said to have retrieved twenty cases of whiskey. The authorities fear a general celebration along the beach because of the abundance of free liquor.

No additional bodies have been recovered.

It was necessary early today to call out the coast guards to quell a general riot started by beach combers, who, intoxicated with the whiskey that came ashore, began fighting for plunder from the steamer Santa Clara. A terrible orgy has been in progress since last night, when the cases of liquor began to pile up on the beach.

Hundreds of persons are combing the beach and efforts to stop the plundering have been futile.

TAMMANY AND
WILSON TO WORK IN
HARMONY IN 1916

New York, Nov. 6.—Tammany and Roger Sullivan leaders, it was announced today, following President Wilson's visit here, will co-operate with the administration in the coming campaign. Differences have been settled. It is known that national committeemen and close friends of the president informally conferred with Murphy and Sullivan, who have been outside the administration fold. The president himself did not participate personally.

GEN. VILLA'S ARMY
TAKES TRIBUTE FROM
STATE OF SONORA

El Paso, Nov. 6.—General Obregon may negotiate with General Villa to unite against Carranza. Reports to this effect were current here today, following the visit of Obregon here last night on his way to Agua Prieta. He was due at Agua Prieta today to take command of the Carranzista troops now commanded by General Calles.

Obregon would not discuss Carranza last night. When questioned as to the likelihood of his joining with Villa, he brushed the questions aside with the simple statement:

"Mexico will be at peace soon."

The popularity of "El Mocho" (one-armed man), as the Mexicans called Obregon, has caused a feud between the general and Carranza. In Saltillo, Torreon, and other cities which they have visited together, the multitude has inevitably wildly acclaimed Obregon and has hardly a cheer for Carranza.

General Serrano, Obregon's chief of staff, who preceded his chief at Agua Prieta, reported that General Calles and the garrison there are kindly disposed towards Obregon and will welcome him.

AUSTRIANS ARE
ROUTED AT PRILEP
BY THE ALLIES

Paris, Nov. 6.—French infantry and British cavalry combined with the Serbs in routing the Bulgarians from Prilep. It was officially announced today. This victory brought to a decisive close, for now at least, the attempt to overrun Macedonia.

The Bulgars were advancing on the Prilep road at Isvor when the Serbians and allies sallied out of Babuna pass and attacked them. Battling had proceeded for several days when the allies arrived at Krivolak and dashed into the fight, sending the Bulgars quickly in disorderly retreat toward Veles. The Vardar river has been cleared of the enemy.

RECEPTION FOR LOTTA
CRABTREE AT FRISCO

(By United Press Leased Wire.)
San Francisco, Nov. 6.—Lotta Crabtree, once the idol of San Francisco's theatrical heart, returned to the scene of her girlhood triumphs today. San Francisco, in her capacity as hostess, has entertained many distinguished persons this year, but for Lotta, as she is familiarly known among San Franciscans, was reserved the greatest tribute of all. She came here from Boston with a party of friends especially to receive the homage of the city.

The curtain of time was raised when Miss Crabtree arrived at the Ferry building. White-haired men, who recalled how this little woman once played the leading role in their "puppy love" dreams, and elderly women who recalled the envy with which they had once viewed her were on hand to join in extending a welcome.

A big crowd of theatrical folks, city officials, and other admirers were on hand also. The municipal band played "Home, Sweet Home" as the crowd cheered her, and hats came off and hands were extended in greeting.

LIKES MR. WILSON
BUT DISAPPROVES
HIS MILITARISM

Washington, Nov. 6.—Renewing assurance of his friendship for the president, former Secretary of State Bryan today followed up his attack on the executive's preparedness program with another statement.

In this he declared he has no plans made for his future course concerning the military program.

"I have no plans formulated," he said. "I am doing what I believe to be the duty of every citizen."

"How can the president know that the people favor the militarists? Those approving his plan do not hesitate to express themselves. Why should those who differ be silent? Editors of metropolitan newspapers daily fling incense at the feet of the 'interests'—the munition plants and armor plate trusts."

"Should a country editor like myself be denied the privilege to oppose what I believe is wrong? Why should my friendship for the president keep me quiet on an issue like this, with nothing to commend it?"

"When did it become unpatriotic for a citizen to differ with a president? When has it become disloyal for a democrat to differ with a democratic president on an issue which he declared was non-partisan?"

"A great many think that the quarter of a billion dollars we are spending is enough for preparedness and are opposed to an increase at present. The burden of proof is on those who say the increase is necessary. It will be hard to prove in view of the president's statement. 'We are not threatened and are friendly with all nations; everybody knows our defense capacity and we are without fear.'"

ARREST MAN WHO BEAT
YOUTHS OUT OF CASH

(By United Press Leased Wire.)
Seattle, Nov. 6.—Elmer and Alonzo Hoover, 19 and 16 respectively, are rejoicing today over the arrest in Oakland, Cal., of Henry Snyder, alias John Mannon, who will be brought here and charged with stealing \$900 from them. The Hoovers were hard-working boys. They came to Seattle to bank their savings. Snyder was at the depot looking for easy marks and he took them in. He offered them positions, which they accepted. He said a deposit of \$100 would be required to guarantee good faith. They produced their \$900 roll and he took it all "to keep it safe" for them.

SEC. DANIELS LOSES
NEWSPAPER PLANT BY FIRE

Raleigh, N. C., Nov. 6.—Secretary Daniels' News and Observer plant was destroyed by fire today, with a loss of upwards of \$80,000. The state printery adjoining, which cost \$225,000, was also destroyed.

Daniels carried \$40,000 insurance. This is the second time his plant has been destroyed by fire.

LABOR CONVENTION
WILL OPEN SESSION
AT FRISCO MONDAY

San Francisco, Nov. 6.—With nearly 400 delegates present, the American Federation of Labor will open its two-weeks' convention Monday at the exposition, with President Samuel Gompers presiding.

The bearing of the European war will have later on labor here will be one of the important discussions. Out of the immigration subject is expected to come a provision for a bill to go before congress. The general viewpoint of the delegates is that immigrants should not be admitted faster than they can be assimilated and educated.

The question of endorsing the national prohibition movement is expected to precipitate more talk than any other one matter.

Governor Johnson, Mayor Rolph, Archbishop Hanna and others will bid the delegates welcome.

ASSISTANT SECRETARY
OF WAR IN SEATTLE

(By United Press Leased Wire.)
